Brushcutters p.32

The fruits of the Earth in good hands. Since 1967.

Living in symbiosis with nature always produces good fruits. And having the right tools to maintain this result over time is crucial. For more than 50 years Cifarelli has been at the side of those who work the land with extremely reliable, high quality and safety professional agricultural machines. That is why more and more farmers and green lovers choose the products of our Company.

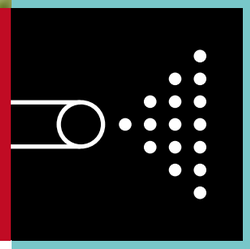

The micronization of the dispensed drops. This is the solution that makes this professional machines much more efficient than others. Thank to this, the treatment both in cultivation and in plant are extremely effective and allow you to save liquids. You can also appreciate the qualities of maneuverability, lightness and ductility of the machine and the advantages of a range designed to respond to everyone's need.

HIGHLY TECHNOLOGICAL

WIDE RANGE OF ACCESSORIES

ERGONOMIC

PERFECT TREATMENT

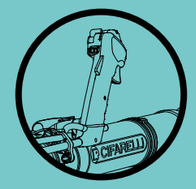

WIDE RANGE OF ACCESSORIES

It is a potent but easy to use machine that ensures a wide range of action horizontally and vertically. The ample assortment of accessories available makes it an even more versatile machine suitable for any type of product, avoiding waste

FIND OUT THE ACCESSORIES AT PAGE 36 AND 37

HIGHLY TECHNOLOGICAL

Top of the range of Cifarelli mist blowers, it is a professional machine with a high innovation content, a tool made to last and work accurately and effectively.

ERGONOMIC

Its ergonomics allow a comfortable and prolonged use.

90 µM

PERFECT TREATMENT

The uniformity of the drops and their microscopic size guarantee an efficient treatment.

It looks like the clouds contain nothing. But those produced from our machines they are full of substance. Not just for speed and the volume of air on the move but also for the tank capacity and the power delivered from the engine.

With the **M1200** mist sprayer everything becomes easier. Also for the most demanding professional worker. It is easy to adapt, thanks to the adjustment of the liquids outlet. It is easy to use thanks to the new ergonomic handle and its increased power. It's easy to make it last a long time, thanks to its simple maintenance.

L3evo

POWERFUL, PROFESSIONAL AND EASY TO USE

NOT AVAILABLE IN EUROPE

5 HP **3,6 KW**

POWERFUL

The powerful 5HP engine guarantees a range of up to 17 meters horizontally.

EASY TO USE

Due to its ease of use and manteinence, it is the perfect professional machine for everybody, everywhere. The ventilation system ensure a very wide range horizontally and vertically.

0-3,6 L/MIN

EFFICIENT

Its characteristics allow a quick and effective treatment.

17 LITRES LIQUID TANK

CIFARELLI C7, 2-STROKE ENGINE

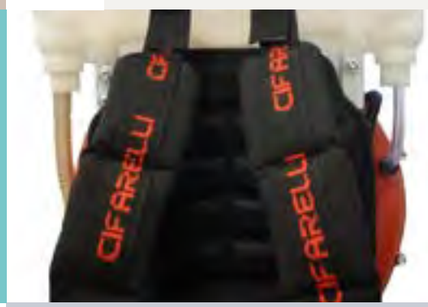

OPEN FLOAT CHAMBER CARBURETOR

RELIABLE

It is a durable machine that guarantees reliability over time.

- EASY TO USE
- POWERFUL
- EFFICIENT
- RELIABLE

At the time of spraying, every cultura and every plant needs the right amount of liquids. Because of that this machine is available in different models, each designed to have features and performance specific but all always handy and light.

L3evo is the evolution of our famous L3, a dedicated machine to professionals who guarantee long life and work capacity. The mist sprayer allows for low volume treatments. The uniform size of the drops dispensed, combined with the action of air which moves the leaves, allows effective and uniform protection on both sides of the treated surface.

GO TO TECHNICAL SPECIFICATION ▶

In agriculture, nothing should be left to chance. And nothing should be left on the ground once which has been provided, for example, to the harvest of olives, nuts or plums. Then when the leaves too have fallen, a further cleaning phase helps keep crops in order, rows and gardens. Thus, in a free field, you can work more easily and in a way more effective.

CIFARELLI

V1200

MORE SUCTION AND ERGONOMICS

5 HP / 3,6 KW

IDEAL FOR PROFESSIONAL USE

Perfect for intense use with a powerful engine and a professional carburator.

20 L

EFFICIENT

Its power and technology allow you to optimize collection time.

UNIQUE

It is the only machine on the market for harvesting nuts from the ground. The light material (leaves or small branches) sucked is expelled from the elbow thanks to a patented separation system.

- **UNIQUE**
- **IDEAL FOR PROFESSIONAL USE**
- **EFFICIENT**
- **ERGONOMIC**

VERY LOW VIBRATIONS

ADJUSTABLE HANDLE

ERGONOMICS
carefully designed for a comfortable use.

20 L USABLE COLLECTION CAPACITY

Being able to dose the suction power allows a job of cleaning the floors done professionally and quickly. This machine allows you to work in an upright position, but if necessary it can also be placed on a trolley, avoiding carrying it on your shoulders.

The **V1200** is the vacuum cleaner for the fast and efficient harvesting of chestnuts, hazelnuts, walnuts, almonds and acorns. The machine is capable of separating the product from leaves or other aspirated residues that are expelled with the outgoing air. The tank can be emptied by holding the machine on the shoulder simply by activating the corresponding lever. To speed up harvesting operations, we recommend storing the product before vacuuming it with the BL1200 blower or the air outlet tube of the vacuum cleaner.

LIGHT AS A LEAF

4 STEEL BLADES

EFFICIENT SHREDDING

4 steel blades ensure fast and efficient shredding of the vacuumed material.

APPLICABLE ON SMALL VEHICLES

It can be used on all small vehicles with a loading area.

19,5 KG

ULTRA LIGHTWEIGHT

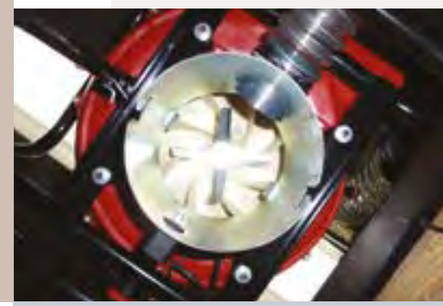

The low weight simplifies the loading and unloading operations from the vehicle and the application to the side of even light vehicles to reach areas that are difficult to access.

POWERFUL

The two-stroke Cifarelli engine is designed for intensive use.

- ULTRA LIGHTWEIGHT
- EFFICIENT SHREDDING
- APPLICABLE ON SMALL VEHICLES
- POWERFUL

For those who daily take care of cleaning, care and maintenance of green spaces and urban areas, having a tireless and powerful helper in vacuuming ensures that your job is done.

The **V1200PK** is the lightest vacuum cleaner on the market. Vacuums and shreds even large, dry or wet sheets, paper and light materials quickly and conveniently. Its low weight simplifies loading and unloading operations from the van and the application at the edge of even light vehicles to reach hard-to-reach areas. In addition, thanks to the reduced volume of the shredded material, it is possible to work without continuous interruptions to empty the container and optimize productivity. It is ideal to support the work of gardeners, maintenance technicians, ecological operators and all professionals who deal with the care and maintenance of green, urban and extra-urban spaces.

CIFARELLI

Accessories

Cifarelli accessories expand the versatility of M1200 and L3Evo mist blowers. Discover solutions for spraying, distribution and flow adjustment. Specific part numbers are listed for each model. The images show the accessory for one reference model. Actual product details may vary slightly depending on compatibility and the specifications of the model purchased.

M1200/L3evo

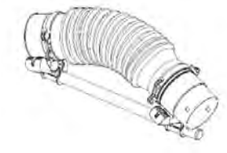

0G.334.00 / 0G.425.00
BOOSTER PUMP
Keeps the solution constantly mixed inside the liquid tank, increasing and stabilizing the product outlet pressure.

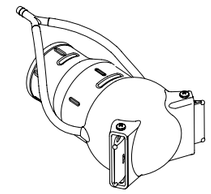

0G.392.00 / 24.019.00
EXTENSION TUBE KIT
Ideal for particularly windy areas. Allows the operator to reach the treatment area while reducing product drift (booster pump required).

0G.346.00 M1200 only
POWDER AND GRANULE TANK KIT
Ideal for distributing powdered products, granules and seeds.

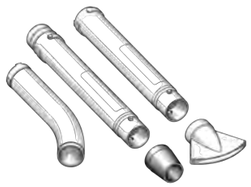

0G.395.00 M1200 only
ADJUSTABLE DEFLECTOR KIT
Adjusts the angle of the outgoing airflow.

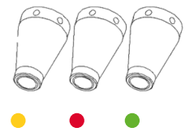

0G.275.00 / 0G.274.00
SPHERICAL DIFFUSER
Directs the liquid onto two rows simultaneously.

0G.391.00 M1200 only
REVERSE TUBE KIT
Allows spraying in the opposite direction to the operator.

0G.345.00 / 0G.095.00
BLOWING KIT
Tubes and diffusers for blowing.

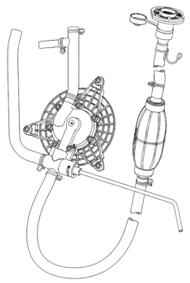

0G.150.00
CALIBRATED NOZZLE KIT
Three colour-coded nozzles with calibrated inserts Ø 1.5 - Ø 2.5 - Ø 4.0. Controls the product output rate (use with booster pump recommended).

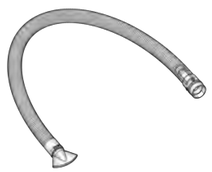

0G.341.00
3-DEFLECTOR KIT
Includes a 45° grille to deflect the product flow, a circular grille to reduce outlet air speed for greenhouse treatments, and a dual-angle grille to split the flow in two directions.

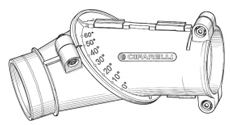

0G.394.00 / 0G.104.00
ULV DIFFUSER
Controls the output rate and enables ultra-low-volume treatments with droplet diameters below 70 µm (booster pump recommended).

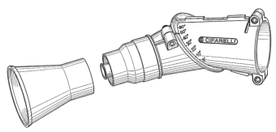

0G.340.00 / 0G.426.00
BOOSTER AND FILLING PUMP
Keeps the solution mixed in the liquid tank and increases and stabilizes outlet pressure. Allows the tank to be filled without removing the machine from the operator's back.

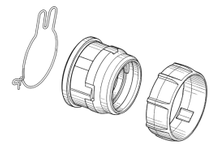

0G.373.00 M1200 only
BEEKEEPING KIT
Useful in beekeeping to remove bees from the honey super when cleaning combs before honey extraction.

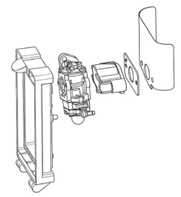

0G.500.00 L3evo only
ADJUSTABLE DEFLECTOR
Adjusts the spray angle to suit your needs.

0G.501.00 M1200 only
ADJUSTABLE DEFLECTOR
Adjusts the spray angle to suit your needs.

0G.507.00 L3evo only
SWIVEL SPRAY TUBE JOINT
Provides continuous rotation and jet positioning for outstanding ergonomics and versatility.

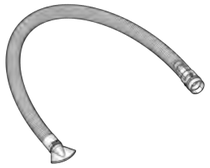

0G.498.10 M1200 only
HDA TO RXG CONVERSION KIT
Allows the carburettor of your M1200 mist blower to be upgraded from HDA to RXG.

CIFARELLI

Accessories

Cifarelli accessories extend the versatility of blowers, vacuum collectors and shakers, providing practical solutions to improve machine efficiency and ease of use in different working conditions. Product codes and compatibility are specified for each model.

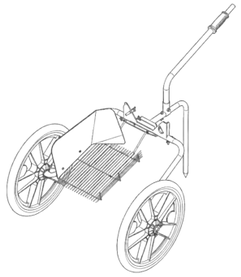

BL1200 BL2200

0G.373.00
BEEKEEPING KIT
Useful for removing bees from honey supers when cleaning the combs before honey extraction.

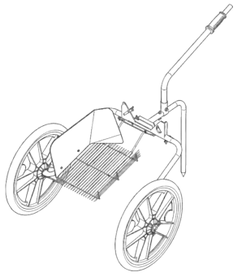

0G.438.00
REDUCTION KIT WITH CURVED NOZZLES
Adapts the airflow to different working conditions with two curved nozzles for dry or wet ground.

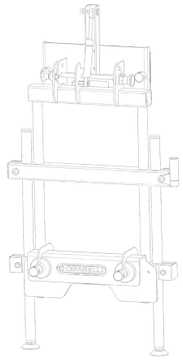

99.310.01
TROLLEY
Eliminates the need to carry the machine on your back.

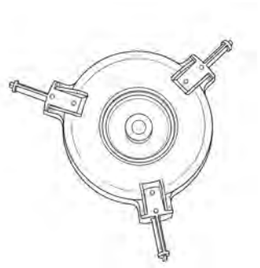

V1200

99.310.01
TROLLEY
Eliminates the need to carry the machine on your back.

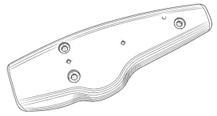

99.310.01
MOTOR WHEELBARROW BRACKET
Special support for mounting the vacuum collector on a motorized wheelbarrow.

11.272.00
INTERNAL TANK DISC
Allows fruit to fall into the lower part of the tank, separating it from leaves, soil and other collected material.

SF800

99.347.00
LEG PROTECTION PAD
Provides comfort and safety during long working sessions by reducing machine vibrations.

28.332.02
HOOK COVER
Designed for strength and durability, ensuring long-lasting performance.
